SECOND HALF | 2024

A NON-PROFIT DEDICATED TO CULTURAL TRANSFORMATION
& THE EMPOWERMENT OF VULNERABLE COMMUNITIES

Scott, Jenny, Grace and Faith after fitting two amputees with prosthetic hands in Rwanda.

The second half of 2024 Merciful will be raising \$100K for the following activities Merciful has coming up:

■ HOLLYWOOD INDUSTRY CONFERENCE | Fall

Merciful will host a Hollywood Industry Conference in mid to late Fall.

■ RWANDA & TANZANIA | September

In late September Merciful is going to host a week of Freedom Festivals at a refugee camp of 80,000 people on the border of Rwanda and Tanzania. We are excited for this event as we had so many successful connections with leaders last summer in both nations.

In addition to the Freedom Festivals we will be uniting local pastors and leaders, as well as bringing prosthetic limbs with us again to gift amputees (and fit/attach) in the region. We will also be checking several water wells we have installed.

■ HOLLYWOOD ARISE | September

In September Merciful will be part of Hollywood Arise which is an event hosted by Radiance International, a robust ministry in the heart of Hollywood. Merciful partnered with Hope California in the Spring for a large event at the Peacock Theatre in downtown LA for 3000 people.

A NON-PROFIT DEDICATED TO CULTURAL TRANSFORMATION
& THE EMPOWERMENT OF VULNERABLE COMMUNITIES

■ PASTORS BREAKFAST

Merciful is hosting a Breakfast for Pastors across Los Angeles with the goal of consistent gatherings and fostering unity as a catalyst for kinetic transformation.

■ SAN DIEGO COMIC-CON

We are going to Comic-Con Festivals to film an actor as we are creating Short Film Narratives for social media of Hollywood professionals revealing how faith has informed their life/vision.

■ ACTORS & FILMMAKERS RETREAT | August

Early August Merciful hosts a Retreat in the Sierra Nevada mountains for actors and filmmakers to collaborate, dream, and fellowship around powerful envisioning for our industry.

■ INDUSTRY PODCAST

Hosting a Podcast for Industry Professionals around the subject of passion, vision, and faith.

■ MEDIA SCHOOL

Facilitating a media school (with expansive possibilities) where a creative partner has purchased the land and stages of the Ranch Studios (Jurassic Park and Terminator). Tom Fontana and Brad Winters have both taught screenwriting workshops thus far. There is a lineup of actors, producers and screenwriters who are partnering with us for this endeavor.
